It should always be born e in mind that every visitor who leaves here with a pleasant memory of Sedalia and her people will say a good word for her and good words are as seed sown for a future harvest.

All Sedslians will hope that the general offices will remain here. This city is in all probability the most advantageous place for the conduct of its immense business. Yet, now, that the injunction suit has been transforred to the Federal court, Jno. F. Philips, judge, we will get cold law in the decision, whatever it may be. In his decision there will be no local influences, neither would any local influeuce have had any bearing upon the case had it come before Judge Field, but if the final decision had been in favor of Sedalia by Judge Field, the management of the road would possibly have always thought that the atmosphere about Sedalia had some bearing indirectly upon the case, hence its transfer to another court will forever settle that feeling.

SEDALIANS DON'T BOYCOTT.

The Sedalia business men are boycotting the Missouri, Kansas and Texas railroad on account of the efforts of its officials to move their headquarters to Parsons, Kan. Our advice to the Sedalia merchants is to attempt nothing of the kind. At best, boycotting is a cowardly method. and we do not know of a town in the

defeated in its attempt to move its headquarters out of the state, what is to hinder it from moving from Sedalia to Moberly or Nevada? Railroads have a habit of evening matters up with obstreperous towns, and Se dalia should not forget the lesson of the southwest strike. In her efforts to retain the Missouri, Kansas and Texas beadquarters Sedalia has the sympathy of the state, but a serious attempt to boycott the road will certainly cause a forfeiture of this sympathy.-Jefferson City Tribune.

The Tribune is mistaken, Sedalia business men do not deal in the boycott. No one but dynamiters resort to such vile practices. Sedslia made a a dignified fight once against boycotters and the notorious gang of cutthroats are now, in many cases, wanderers upon the face of the earth.

The Removal Case Taken to the United States Courts.

The question concerning the removal of the general offices of the Missouri, Kansas and Texas railway company from Sedalia to Parsons, Kan., came up again yesterday before love that she should grieve for the Judge Richard Field of the Pettis county circuit court.

represented by its a torneys here, Messers. Jackson & Montgomery.

The argument only occupied a couple of hours, and Judge Field's decision was delayed but a little time, and resulted in granting the transfer to the United States court.

Considerable interest was naturally manifested in the case, and what the next steps will be is merely a matter of conjecture. The prevalent opinion is that the company will first petition the judge of the United States court for a modification of the restraining order, which can probably be done at almost any time.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.
